

TI-*nspire*

Dear Friend,

**NEW! TI-Nspire™ Computer Software-Teacher Edition with Emulator Functionality Available August 2008!**

TI would like you to be one of the first educators to receive a complimentary copy of its newest computer software designed specifically for educators – a \$140 value.\*

Simply fill out this [short online request form](#) by October 31, 2008 and we'll ship your copy to your school address.. Be sure to include your complete shipping address.

Now you can experience TI-Nspire handheld capabilities *on your computer* as well as lead the entire class more effectively with TI-SmartView™ features built in.

- ⌘ Display and demonstrate using a virtual on-screen keypad with the same keys and functions as the TI-Nspire handheld.
- ⌘ Project a large split-screen view to the class, making it easier to see spreadsheets, graphs and multiple representations.
- ⌘ Modify or create TI-Nspire activity documents easily using your desktop or laptop computer keyboard.

**[Request your complimentary computer software by October 31, 2008.](#)**

TI-Nspire technology is built on proven graphing technology, which research\* shows has a positive impact on student achievement. The result is an inspired, flexible and versatile teaching and learning experience.

Best regards,  
TI Educator Support Team

\*This offer is only open to those who received the original offer email directly from Texas Instruments. Offer only valid to classroom educators in the U.S. and Canada. Limit one copy per educator.
